Christmas Bird Counts

Please join us on **Wednesday, December 16th** for the **Redding Christmas Bird Count**! It's fun, interesting and a vital tool in assessing changes in species' range in our area. Counts are conducted rain or shine. Due to COVID-19, however, we will be conducting the bird count differently than in the past. Meeting at the convention center before the count and meeting at a restaurant afterwards won't be happening this year. So, we would like to assign people to an Area ahead of time and have them work out with that Area's leader when and where to meet. Please RSVP if you wish to participate.

Bill Oliver (Ph.: 941-7741, Email: wwoliver9@gmail.com) or Randy Bush (Ph.: 549-4923, Email: rbush10@hotmail.com)

The 36h annual **Fall River Mills Christmas Bird Count** will be held on **Saturday, December 19th**, and you are invited to join us. We will assign participants to a mini section that is suitable for one or two persons to cover on count day. Count forms and section information will be emailed to each participant, and results should be emailed to the compilers after the count. Please RSVP by email if you plan to attend. Avoid the crowds this holiday season and come to the **Anderson Christmas Bird Count** on **Saturday, December 26!** We will have a masked, socially distanced morning meeting near the amphitheater in Anderson River Park at 7:30. Packet collection is TBD. It's a great little count with some fun territories, and the weather is usually nice. Even if you can only do a half day, please join us!
